

Profile: Mark Dunlop

Commercial Director

Bancon Construction

MAIN RESPONSIBILITIES:

Mark will oversee the commercial aspects of all projects; both pre and post tender, to ensure all client expectations are achieved. He will ensure each is meticulously planned, programmed and procured to ensure that the project runs as expected. Mark will direct several projects, using his extensive management and project planning experience to ensure suitably qualified and experienced sub-contractors are procured and managed for the benefit of the project.

GENERAL EXPERIENCE:

Mark is a director with 28 years' experience in the Construction Industry working across various sectors including Civil Engineering, Energy from Waste, Housing, Retail, Commercial and Hotels. Mark has gained varied experience in a number of sectors whilst operating mainly in a commercial capacity, although his experience has been enhanced operating at various times as Site Agent/Project Manager. Mark is passionate about delivering projects on time and within budget whilst maintaining a clear focus on Health & Safety.
